The River of Life

The Red River of the North, in the north-central U.S. and central Canada, takes countless twists and turns.... While most rivers flow south, the Red River flows north.

Sometimes life meanders, but that doesn’t mean we’re off course. Sometimes we seem to be going in the opposite direction of most people, but that doesn’t mean we’re not headed the right way. Sometimes it feels like it takes us a long time to make progress, but that doesn’t mean we’re not moving. We might just be taking in more of life’s scenery! Follow your own unique trajectory, letting God, the creator of all rivers and all life, serve as the current that moves you ever onward.
